JURISDICTION, VENUE, AND JOINDER

27. This is a civil action for direct and contributory trademark counterfeiting and infringement under the Lanham Act, 15 U.S.C. § 1114(1), and for direct and contributory copyright infringement under the Copyright Act, 17 U.S.C. § 101 *et seq*.

28. This Court has original jurisdiction under 15 U.S.C. § 1121(a), 17 U.S.C. § 101 *et seq*., and 28 U.S.C. §§ 1331 and 1338(a).

29. Pragmatic Play's claims against Defendants for trademark counterfeiting, trademark infringement, and copyright infringement are based on Defendants' misuse of Pragmatic Play's trademarks and copyright protected works to operate fraudulent, interactive websites providing casino gaming services to consumers.

30. This Court has personal jurisdiction over Defendants because they have sufficient minimum contacts with Virginia that they can expect to be haled to court here and/or pursuant to Va. Code § 8.01-328.1(A)-(B). In the alternative, this Court has jurisdiction under

Fed. R. Civ. P. 4(k) because Plaintiff's claims arise under federal law and "exercising jurisdiction is consistent with the United States Constitution and laws." *See* Fed. R. Civ. P. 4(k)(2)(B).

31. While the extent of Defendants' operations within the United States are not clear, at the very least, Defendants have operated the EDN Counterfeit Sites through extensive use of U.S.-based service providers, networks, and instrumentalities including, without limitation, U.S. based domain registries, domain registrars, content delivery network (CDN) providers, hosting providers, payment providers, certificate providers, and email service providers, and Defendants have provided online casino services to computers in this District as confirmed by Plaintiff's investigator's accessing of certain of the EDN Counterfeit Sites from a computer located in the District.

32. Defendants also contract with U.S.-based domain registrars to purchase domain names associated with the EDN Counterfeit Sites and to host the EDN Counterfeit Sites.

33. Venue lies in this District because "a substantial part of the events or omissions giving rise to the claim occurred, or a substantial part of property that is the subject of the action is situated." 28 U.S.C. § 1391(b)(2).

34. Joinder of Defendants is proper under Fed. R. Civ. P. 20(a)(2) in that the claims set forth herein arise out of the same series of transactions, the scam sites operated by the Defendants share registrars, hosts, and/or other common features indicative of common ownership or use, and the same questions of law are common to all Defendants. For instance, the registration records demonstrate that the sites operated by Defendants share common naming conventions, infringe on the same Pragmatic Play trademarks and do so in similar ways—by configuring nearly identical websites offering counterfeit versions of Pragmatic Play's games and displaying counterfeit Pragmatic Play marks. Almost all of the domains operated by the Defendants have used Digital

Ocean for hosting services and are using privacy services and/or false names to conceal the registrant of the domain names. Moreover, the claims against all Defendants will involve the same questions of both fact and law, including whether the Defendants have engaged in trademark and copyright infringement through operating a massive and interconnected scam network of online casinos.

TAMARIS'S RIGHTS

35. Tamaris (Gibraltar) Limited, operating through Pragmatic Play, is the proprietor of Pragmatic Play's intellectual property, which encompasses trademarks, copyrights, and other assets. Pragmatic Play is a leading developer and provider of mobile and desktop casino games for the online gaming industry.

36. In 2016, Pragmatic Play was issued a license by the Malta Gaming Authority to develop and supply online casino games. Since then, Pragmatic Play has been actively and continuously developing, offering, and supplying a wide range of games under the PRAGMATIC PLAY trademark to operators in various jurisdictions.

37. The PRAGMATIC PLAY mark is often used as a word mark and displayed as plain text. At times, the PRAGMATIC PLAY mark is displayed in a stylized form with a design, as shown below:

Pragmatic Play has consistently used this composite mark in association with its gaming services for several years (collectively with the PRAGMATIC PLAY word mark the "PRAGMATIC PLAY Marks").

38. Since receiving its first license in 2016, Pragmatic Play has acquired licenses in numerous regulated markets.

39. Pragmatic Play offers an array of games under the PRAGMATIC PLAY Marks, including online slot games, live casino games, bingo, and virtual sports. These services are all available to U.S. citizens abroad, and a subset of these services are made available by social casino operators in select states in the U.S in accordance with applicable state and federal laws.

40. Pragmatic Play has actively participated in marketing activities such as year-round public relations campaigns that ensure brand momentum, paid and earned content marketing including webinars, feature stories, and interviews, paid advertising including display banners and newsletter sponsorship, sponsored and attended both physical and virtual events including EGR Awards, Sigma and SBC, and social media including LinkedIn, Twitter, Facebook, and Instagram, and constant recognition as a leading supplier across tier-I industry awards. All of these efforts prominently feature the PRAGMATIC PLAY Marks.

41. On October 29, 2014, Pragmatic Play registered the domain name PragmaticPlay.com. Pragmatic Play began publishing gaming content through use of the PRAGMATIC PLAY Marks on its websites in 2015. Pragmatic Play's websites are internationally accessible.

42. Consumers have come to distinguish and recognize the legitimacy of Pragmatic Play's services as a result of the use and widespread promotion of the PRAGMATIC PLAY Marks.

43. Likely due to the financial elements of online gaming, Pragmatic Play is constantly combatting malicious third parties' attempts to misuse the PRAGMATIC PLAY Marks to confuse, mislead, and/or deceive consumers. To protect both its consumers and its valuable marks, Pragmatic Play has engaged in significant enforcement efforts relating to its intellectual property.

Its efforts include defensive domain name registrations, administrative proceedings under the Uniform Domain Name Dispute Resolution Policy, take-down notices, and anti-cybersquatting actions, including litigation in this Court. *See Tamaris (Gibraltar) Ltd. v. Vasilyevich*, No. 1:24-cv-1146 (E.D. Va. July 2, 2024); *Tamaris (Gibraltar) Ltd. v. John Does 1-8*, No. 1:24-cv-1026 (E.D. Va. 44. Based on Pragmatic Play's extensive use and promotion of the PRAGMATIC PLAY Marks, and the recognition and goodwill the marks have achieved in the eyes of the consuming public, the PRAGMATIC PLAY Marks are distinctive and/or famous, and are entitled to broad common law trademark rights.

45. The EDN Counterfeit Sites display unauthorized colorable imitations of the PRAGMATIC PLAY Marks, which further demonstrates that the PRAGMATIC PLAY Marks are distinctive and were famous and/or distinctive prior to the time of unauthorized use by the EDN Counterfeit Sites.

---

[2] Past actions asserting these trademark rights have been brought by PragmaticPlay International Ltd. as the plaintiff. In 2023, Pragmatic Play underwent corporate restructuring, during which the trademark rights and that portion of the business to which the rights pertained were transferred to Tamaris (Gibraltar) Limited.

Nos. 6848492, 6890979, 7307616, and 7330411. Copies of these registrations are attached as Exhibit B.

51. A true a correct copy of the pending U.S. trademark applications owned by Plaintiff for the marks related to Pragmatic Play's online games is attached hereto as Exhibit D.

52. In addition to its trademark rights in the PRAGMATIC PLAY Marks, the PRAGMATIC PLAY Game Marks, and the titles of certain games, Plaintiff is the author and owner of the images, graphics, sound recordings, and software code associated with Pragmatic Play's games, which are creative and original expressions that are entitled to copyright protection (the "Pragmatic Play Works").

THE EL DORADO NETWORK OF COUNTERFEIT WEBSITES AND GAMES

53. This action arises out of Defendants' operation of a large network of websites doing business as EDN. The websites in this network make unauthorized use of the PRAGMATIC PLAY Marks, PRAGMATIC PLAY Game Marks, and Pragmatic Play Works to replicate the look and feel of the legitimate Pragmatic Play games.

54. The EDN websites engage in unauthorized copying and display of Pragmatic Play's copyright protected materials including images, sound recordings, and software code to create graphical user interfaces for counterfeit games.

55. Upon information and belief, this unauthorized copying commenced in or about mid-to-late 2022.

56. The EDN Counterfeit Sites are using portions of code that are identical to the code for Pragmatic Play's authentic games.

57. Having created altered versions of Pragmatic Play's games based on copying Pragmatic Play's materials, Defendants launched their counterfeit games using domains that are not affiliated with Pragmatic Play and use the PRAGMATIC PLAY Marks, PRAGMATIC PLAY Game Marks, and Pragmatic Play's game titles to confuse consumers into believing that the counterfeit games are genuine Pragmatic Play games.

58. Upon information and belief, the EDN infringing games are used by players who access the EDN Counterfeit Sites from around the world including, without limitation, by players within the United States and the District.

59. Upon information and belief, these websites: (a) do not have licenses for the games on their site; (b) have no customer support; and (c) and have their URLs frequently blocked by ISPs and Internet intermediaries.

60. To stay operational when their URLs are being blocked, EDN operates a series of "mirror sites," often sending out links to these mirror sites so that the EDN's users can continue to play with the same login details even after one URL is shut down.

61. In other instances, numerous domains are registered and then configured to redirect to the infringing sites. For example, the domain vulcanwinnerz.com was registered by Defendant

Yaakov Oranski and subsequently configured to redirect to various sites making unauthorized use of the PRAGMATIC PLAY Marks, PRAGMATIC PLAY Games Marks, and Pragmatic Play game titles.

62. Pragmatic Play has identified more than 2,500 EDN Counterfeit Sites that are part of EDN and which have been used to display and operate counterfeit games making unauthorized use of the PRAGMATIC PLAY Marks, PRAGMATIC PLAY Game Marks, and Pragmatic Play Works. *See* Ex. A.

63. The EDN Counterfeit Sites are operated through extensive use of U.S.-based service providers including, without limitation, U.S.-based domain registries, domain registrars, content delivery network (CDN) providers, payment providers, hosting providers, certificate providers, and email service providers.

64. Defendants also contract with U.S.-based domain registrars further their unlawful activity.

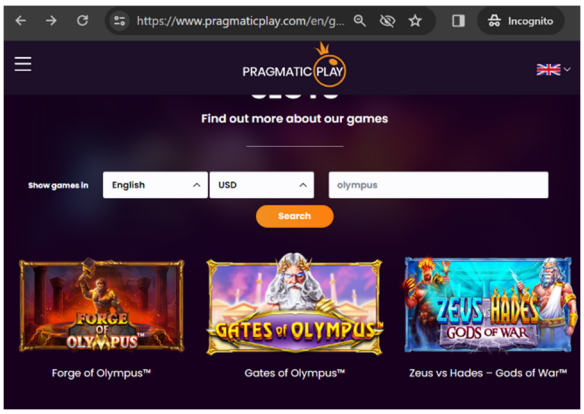

65. The EDN Counterfeit Sites are operated and financed by the Defendants through the use of privacy services and/or aliases to conceal their unlawful activities.

The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see http://www.wipo.int/madrid/en/.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at http://www.uspto.gov.
